

UK Housing Data Standards

This is to certify that after successfully completing the audit and certification process

have achieved certification status against the UK Housing Data Standards for the category of

Assets and repairs

**Certification is valid from
1st November 2024 - 31st October 2025**

The comprehensive assessment framework is designed to evaluate the quality, consistency and usability of data within housing organisations in line with the UK Housing Data Standards (UKHDS) developed by HACT.

This initiative, supported by leading industry bodies, sets a benchmark for data management practices across the housing sector, ensuring that organisations like yours are equipped with the best tools and practices to manage and utilise data effectively.
